FILM COMMISSION SEEKS BOARD MEMBERS

The nonprofit Monterey County Film Commission is currently accepting applications for members to serve on its board of directors.

The film commission was formed by the Monterey County Board of Supervisors 23 years ago to promote Monterey County for film and related media industries.

The volunteer board members work on committees, planning fundraising and educational events, movie screenings, lectures, and mixers. Members are expected to attend a monthly board meeting. Persons with business experience, leadership skills, community involvement and an interest in furthering the goals of the organization are encouraged to apply.

Contact Phyllis Decker at 831-626-3152 or pjdeck7777@aol.com for an application and more information. For more information on the film commission, visit www.filmmonterey.org.
